## NETWORK FOR THE FUTURE

---

To: St. Mary Magdalene's Parishioners and Parents of Cisco  
From: Kathy Loeschorn, David Dini, Paul Ostrowski, Michelle McCrea, Eloy Paris  
Re: Network Upgrade for St Mary Magdalene's School and Parish  
Date: September

My name is Michelle McCrea and I'm a Program Manager at Cisco. I'm also very proud to say I'm a St. Mary Magdalene parishioner and parent of children in the K and pre-school program. The purpose of my message is to ask for your participation in donating towards STMM's network upgrade through "Network for the Future" campaign. I'm calling upon Cisco parents and parishioners to donate through the Employee Purchase Discount Program (EPDP) which allow us to buy product at 75% off list. The network for the future campaign is broken out in 2 Phases:

Phase 1: LAN & INFRASTRUCTURE  
Phase 2: VOICE

A few Cisco families have already donated towards the purchase of a new ASA5510. Thank you to Dini, Ostrowski, Paris, Dolan, McCrea, O'Rourke and Schaeffer Families. Furthermore, David, Paul and Eloy were able obtain Web/VPN licensing, 3560's and wireless product therefore much of Phase 1 is completed. The balance of phase 1 is \$12,082.50 and I'm asking for you to donate towards the 4 outstanding products. (see attached spreadsheet which outlines outstanding products and both phases.)

Series of events:

- Nov 07 Engage Teri McFaul to ensure their was a need for this project
- Dec 07 Walk through- technical assessment was completed
- Jan 08 Research of programs applicable to STMM offered by Cisco
- Jan 08 March 08 series of meetings to determine product, program & timeline
- Mar 08 Message in Parent Weekly – "calling all Cisco employees"
- April 08 Email every Cisco employee to donate towards campaign
- June 08 ASA 5510 purchased
- Aug 08 Paul Ostrowski and David Dini installed ASA5510
- Sept 08 Eloy Paris installs 3560

We all look for ways to give back to the school/parish and in a non-Endowment Fund year this is a great way to give to STMM. Through the Employee Purchase Donation Program we can combine funds to purchase the product and you'll receive tax letter in December for amount donated.

**How to get involved: Contact Michelle McCrea ([mccrea@cisco.com](mailto:mccrea@cisco.com)) or Kathy Loeschorn ([loeschorn@stmm.net](mailto:loeschorn@stmm.net)) with amount you would like to donate. Furthermore, if you have technical background and would like to help with installation of products please let me know.**

Thank you for honoring ALL the STMM kids by participating in "Network for Future" Campaign.

Warm regards,  
Michelle McCrea
